

A group of friends at Covington Assembly of God learned that they all had a calling on their lives to use their musical talent for God's work. They share a passion for ministering and sharing the Gospel by way of music. They felt that God was calling them to use their combined talents to share the love of God with others. ***Constant Witness*** was formed.

The band ***Constant Witness*** was formed a little less than a year ago in a garage in Covington. A group of friends gathered together for one cause, to do what they were told to do...go out and be a "constant witness" to everyone.
